AND SUBMISSION IN ACCORDANCE WITH 37 C.F.R. §§ 1.821-1.825

Commissioner for Patents

Sir:

In connection with a Sequence Listing submitted concurrently herewith, the undersigned hereby states that:

1. The submission, filed herewith in accordance with 37 C.F.R. § 1.821(g), does not include new matter. SEQ ID NO: 8, which has been added to the former Sequence Listing, is identical to GenBank Accession Number AF287270, referenced in the patent application, for example, at page 4, paragraph [0022]. This conclusion is supported by the revision history of GenBank sequence AF287270 (attached herewith) showing that the sequence has not been revised between the filing date of the application and the present time.

2. The content of the attached paper copy and the attached computer readable copy of the Sequence Listing, submitted in accordance with 37 C.F.R. § 1.821(c) and (e), respectively, are the same.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information or belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the captioned patent application or any patent issued therefrom.

Respectfully submitted,

August 10, 2006
